

HTC Evo 4G Rear Panel Replacement

Rear panel replacement.

Written By: Walter Galan

INTRODUCTION

Use this guide to replace a worn out or scratched rear panel.

TOOLS:

- [iFixit Opening Tools](#) (1)
-

Step 1 — Rear Panel

- Gently insert an iPod opening tool between the rear panel and the inner rear frame near the headphone jack.
- Use your iPod opening tool to pry up the rear case around the perimeter of the Evo.

Step 2

- Lift the rear panel off of the inner rear frame.

To reassemble your device, follow these instructions in reverse order.
